THICKNESS GAUGE TGS-9000 SIMPLIFIED SYSTEM SET-UP

With a simple point and click, the complete system set-up is accomplished.

The ESC Resources thickness gauge can be loaded with the orders for the entire shift, day or week.

After the orders are in the system, the operator selects the order number and all the coil information is automatically loaded and the coil is ready to run.

This eliminates any operator typing errors.

If you have any questions, please call 630-26-GAUGE.
